

Southwest Michigan Car Seat Resources

Certified Child Passenger Safety Technicians (CPSTs) are here to support you and your growing family.

- A CPST can teach you how to install your car seat, how to safely harness your child, and help you decide when it's time for the next step.
- These programs may offer free or low-cost car seats for eligible children of all ages and expectant families. Pregnant parents must be at least 27 weeks to receive a car seat.
- Scan the QR code for your county to schedule an appointment or find an event near you. Branch, Cass, Hillsdale, and St. Joseph counties are listed on the Kalamazoo page.

**Berrien
County**

**Calhoun
County**

**Kalamazoo
County**

**Van Buren
County**

The Bronson Birthplaces do not have car seats available for free after delivery. Please contact one of the above programs for support. All expectant families are encouraged to have their car seat properly installed before delivery.
