

With funding from the Blue Cross Blue Shield Foundation and in collaboration with Postpartum Support International, SWMPQIC is pleased to offer:

# PERINATAL LOSS: CLINICAL AND SUPPORTIVE CARE TRAINING

**For healthcare professionals working with birthing persons**

This is a 2-day training, offered twice, in September 2024. Due to the sensitive nature of the topic, the training is only offered in-person.

- ***September 9th-10th in Battle Creek***
- ***September 16th-17th in Ann Arbor***

This training is offered to as many **maternal and infant health professionals** as possible, focusing on perinatal loss- inclusive of miscarriage, stillbirth, complex congenital anomalies, and pregnancy decision making.

**Approved for CME's, CNEs, and CEs.** As a part of the training, participants will explore trauma-informed strategies, clinical techniques, and practical interventions to support bereaved parents, families, and providers impacted by loss.
